

Regional Trails Board of Directors

Formed in fall 2019, the Regional Trails Board is a coalition of stakeholders invested in the direction, sustainability and oversight of the Bridge to Bay Trail. The Board makes decisions on the development, improvement, management and funding of existing and future trail segments and routes.

The development and promotion of the Bridge To Bay Trail is done cooperatively by the Regional Trails Board, Friends of the St. Clair River and Local Units of Governments who own, lease or operate land which touches the 54-mile Trail.
